

UTILITY SINK

WORKSTATION

THE MULTIPURPOSE UTILITY SINK meets the need for clean-up in any classroom. With a drying rack and shelf above the services, there is room to complete the cleaning process in one place. Multiple students can work simultaneously using all three fixtures. The large stainless steel sink makes it ideal for any purpose. Two base cabinets provide ample room for storage of clean tools and materials. Removable closure panel between cabinets allows access to all plumbing services.
